

G-ENERGY
Grow With the Nature

USE SOLAR POWER.... INCREASE MONEY POWER

Energy (Electricity) – now this has become an essential need of human being. For some people, it's still a dream to have it for 24 Hrs in a day. Now time has been arrived to have Clean, Natural and Eco Friendly Energy to be placed in as need of our society and to fulfill this, solar energy is now in focus in the world.

So we 'G-Energy' are introducing all equipped instruments to satisfy your need of electricity through solar products for homes, offices, your society, schools and industrial units. In very short time of span, we have become one of rapidly growing company in Solar Industry.

WORRIED ABOUT ELECTRICITY BILL..?? WE HAVE SOLAR POWER....!!!

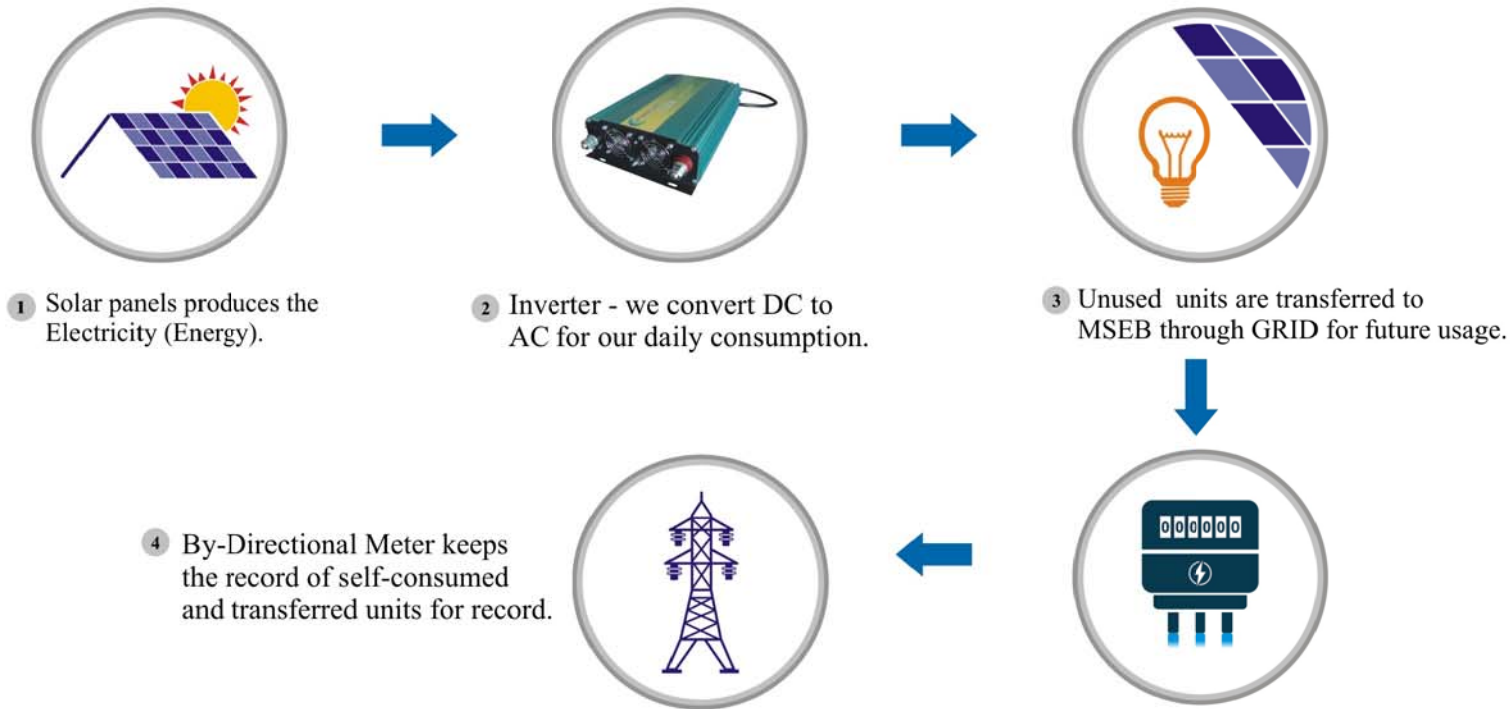

G-ENERGY SOLAR GRID TIE (NET METERING)

Currently we are experiencing appx 10% increase in unit rate. By using our Solar Products, we guarantee you to cut down your light bill to ZERO. Solar Grid Tie (Net Metering) plays key role to make it possible to cut down bills to ZERO of our Homes, Schools, Hotels, Companies, Govt Offices, Banks and Societies and etc... and importantly 'staying connected with MSEB' also.

For installation of Solar system, we need 100 Sq Mtr* open space or roof tops. We can produce electricity and use it for day and remaining units we can send back to MSEB through this method – Net Metering. Invested amount can we recovered within 3 to 5 years* and for remaining 20-22 years its **FREE ELECTRICITY** for us.

HOW SOLAR GRID TIE WORKS?

FEATURES OF SOLAR GRID TIE SYSTEM :

25 Years
Solar Panels Warranty

5 Years
Solar Inverter Warranty

- Hop Dip Galvanizes Structure
- No Battery Backup required
- Investment recovered within 3-5 Yrs*
- Free Electricity for 20-22 Yrs*

APPROVALS REQUIRED

- Net Metering Certificate from MSEB
- Combined Inspection Report
- Installation Completion Report

G- Energy Project Photograph (System 10 KM)

'SOLAR WATER HEATER'

COMPLETE SOLUTION FOR HOT WATER.

Heating Efficiency

Easy to use

Affordable

Long-lasting durability

Additional Storage

We start our day with Hot Water. We have lots of products to get hot water i.e. Electric Heater, Gas Geyser and those are more expensive also. Solar Water Heater is a very cheaper product to fulfill our day to day need of hot water. Solar water heater is designed with newly developed technology and durability. It is very much easy to handle and operate daily. We can effectively use it for societies and Hotels.

CAPACITY OF SOLAR WATER HEATER	NO. OF L.P.D TUBES (58 x 1800 M.M.)	SIZE OF ENTIRE VOLUME INNER TANK IN LTR	AREA REQUIRED FOR INSTALLATION
100 L.P.D	10	100 Ltr.	7 x 4 Sq.ft
150 L.P.D	15	150 Ltr.	7 x 6 Sq.ft
300 L.P.D	20	200 Ltr.	7 x 7 Sq.ft
250 L.P.D	25	250 Ltr.	7 x 9 Sq.ft

Solar Water Heaters are also available in 300 LPD, 500 LPD and 1000 LPD.

NEW GENERATION – NEW FREEDOM G-ENERGY SOLAR POWER PACK (OFF GRID SYSTEM) :

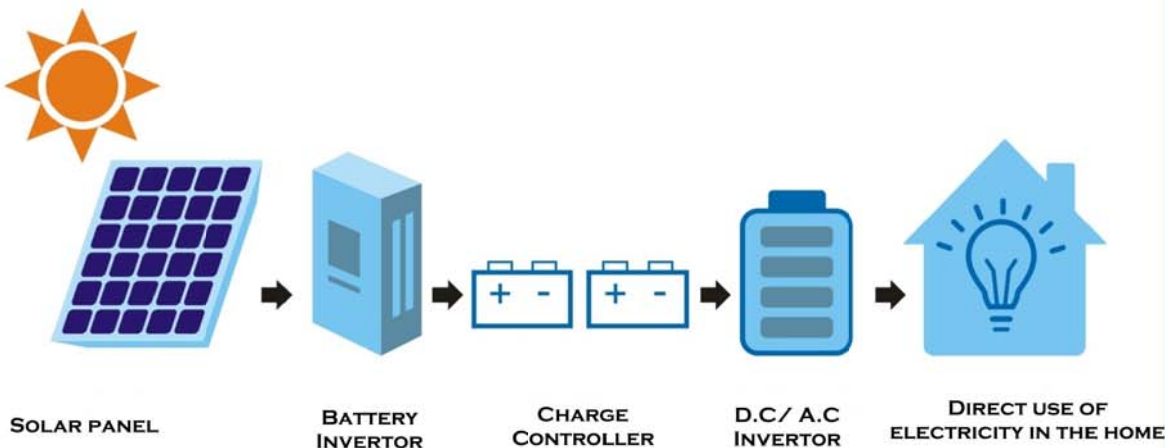

NO NEED OF ANY GRID / ELECTRICITY CONNECTION

G-Energy Solar Power Pack is just nothing but **Owned Electricity Production Company**. Off Grid Tie Solar Power Pack is newly developed technology by which we can make our own production house for daily electricity consumption with the help of storage system i.e. Inverters / Batteries. Inclusively we can say it is a combination project of power generation and storage house - Solar Power Pack.

G-Energy Solar Power Pack Off Grid System is available in 500 Wts to 10 Kwts which satisfy our need of Electricity usage for regular tube lights, TV sets, Fridges, Air Conditioners and etc... We install this Off Grid System with high quality products and with reasonable rates.

A BRIEF SUMMARY OF THE POWER PACK FUNCTIONS

NO REQUIREMENT
OF ELECTRICITY

HIGH FLOW
CARRYING CAPACITY

EASY TO HANDLE

AVAILABLE IN DIFFERENT
CAPACITIES

SOLAR WATER PUMP

NOW WATER FOR FARMING

"ANYTIME" AND "ANYWHERE" ..

Water is top most requirement for farmers for cultivation. Regular sources of water are wells, Rivers and Canals on which farmers put electric motors/pumps for cultivation which is most expensive and time consuming mode for water distribution. G-Energy Solar Power Pump is perfect suitable product which gives instant supply electricity for electrical equipment and save time, money and valuable energy.

G-Energy Solar Power Pump are available in different designs for Water Motor or Ground Motors /Pumps as well.

HIGH PRESSURE
ABILITY TO
DRAIN WATER

CONSTANCY IN
WATER SUPPLY

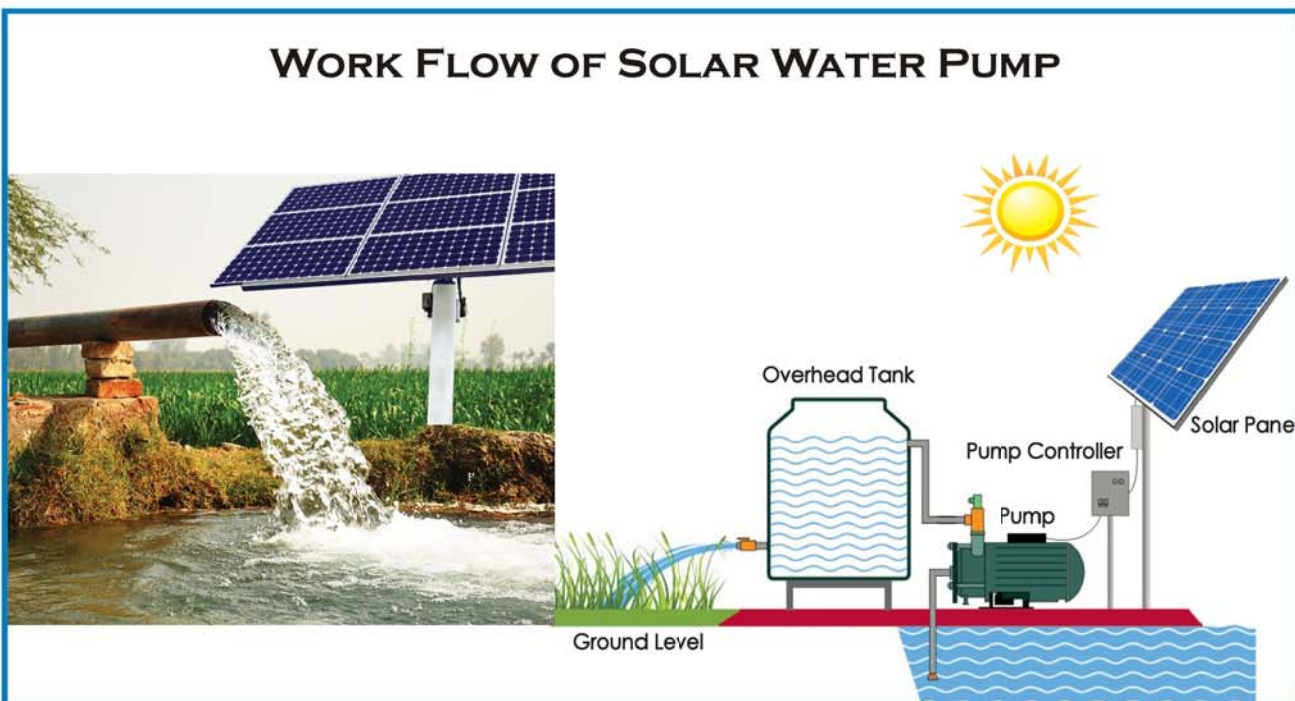

NO FEAR OF
ELECTRIC
CURRENT

GREAT SAVING
IN PRODUCTION
COST

WORK FLOW OF SOLAR WATER PUMP

STREET LIGHTS ON SOLAR POWER

G-Energy Solar Street Lights - raised light sources which are powered by solar panels generally mounted on the lighting structure or integrated into the pole itself. The solar panels charge a rechargeable battery, which powers a fluorescent or LED lamp during the night. All In One Integrated Solar Streetlight is a perfect solar system solution for remote & off grid locations as well as farmhouses, gardens and parks for pathway marking and community lighting.
